

## Ideas to think about for your day

You may like to decide ahead of time what you'd like to work on – or wait until the workshop.

Creating and building up variations on one letter:

Working on several letters or a phrase:

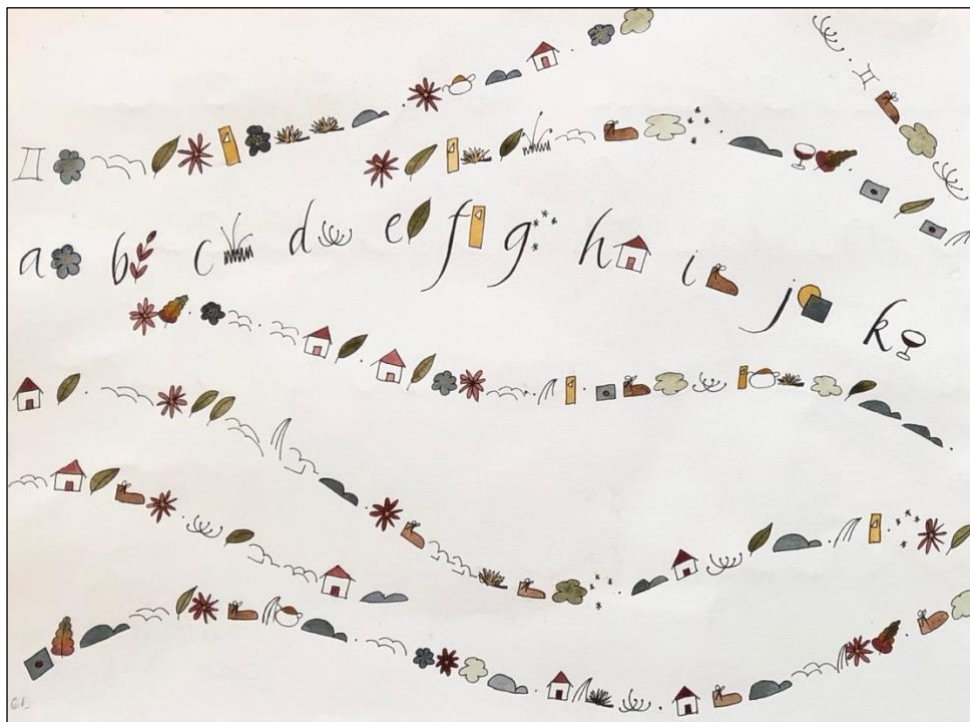

Working on several letters or a phrase:

Creating a code from pictograms:

If you're going to design a code, think about the ideas behind it. Do you have a theme? Mine (below) was bushwalking; you may be inspired by something else – music, cooking, lettering tools, plants, upside-down letter shapes, maths symbols ...
