

## **Beginners**

1. A broad-edged pen. We recommend a Pilot Parallel Pen (PPP) size 3.8mm (green), with the ink cartridges
2. Writing paper A3. We recommend an Arttec Bond Layout Pad, available from Artery. Micador layout paper (Big W) and Mont Marte Butchers Paper (Shiploads) are also good
3. A water container, eg a small jam jar
4. A notebook and pen/pencil, if you want to take notes
5. Two pencils and a couple of small rubber bands
6. Paper towel or rag, in case of spills and for clean-up. An apron is useful for keeping your clothes clean (in case of spills and for clean-up!)
7. A slope-board if you want to try using one.

## **Experienced calligraphers**

1. See Beginners list, or your usual kit
2. A sheet or two of nicer paper, A3, eg cartridge or similar
3. Nibs in a couple of other sizes, PPP or others
4. Some coloured inks or gouache and/or water-colour pencils
5. A quote you like or short poem, song, story, or just some inspiring words

## **All participants**

Useful tools to have are - a pencil (with sharpener or sharp knife), an eraser, a steel ruler - (doubles as a straight-edge if required), craft sharp knife (a box-cutter type with snap-off blade is good). A cushion can be useful to adjust the height of the chair.
