

45°
Keep the pen edge at this angle

2cm + 1cm

Always rule top and bottom lines for practice. Touch the lines at top and bottom with your stroke.

Thick, thin...thin, thick.

Thin, thick, thin.

Thin, thick, thin.

Crumbly edges? Keep the whole width of the nib flat on the paper. Rest an instant at finish of stroke.

Move your hand and arm together down the paper. Imagine the circles are there and use them as guides

Do not try to work too fast. Strive for quality.
